

# Anti-Ageing Luminising Youth Serum

ASTON EC293/10

This light serum melts on the skin to leave a silky smooth feeling. It contains a mixture of moisturising, soothing and anti-ageing active ingredients.

Containing:

- **Dermapep A350** – Multifunctional peptide with a proven ability to reduce wrinkles, age spots and irregular pigmentation, and efficacy to increase collagen.
- **JH-Gold** – Gold interference pearlescent pigment coated in PMMA microspheres to give a natural radiance effect and improved sensory properties.
- **Rhamnosoft HP 1.5P** – Skin-soothing polysaccharide that reduces inflammatory reactions.
- **Biogenic Gensil 210L** – D5-free silicone elastomer with an added moisturising effect from hyaluronic acid and pseudo-ceramide.
